

DISCLAIMER

GILGAL PARTNERS acts as solicitors to Pastor Taiwo Odukoya, the Senior Pastor of The Fountain of Life Church, headquartered in Nigeria.

On Tuesday, November 8, 2022, it was brought to our attention that some individuals created a Cryptocurrency trading WhatsApp Group using as an administrator a phone number known as +2349045340404, purported to be our client's number, using one of his photographs which existed in the public domain and reaching out to individuals and organizations within his network for participation and patronage.

We have since reported these fraudulent activities to the Nigerian Police force for thorough investigation.

Permit us to inform the public that our client has never created any WhatsApp Group for the purpose of trading Cryptocurrency, neither has he ever used the number with which the said WhatsApp Group was created for personal or official purposes and the same is not registered to his name with any mobile service provider in Nigeria and he does not trade in Cryptocurrency or render any financial service(s) online and offline either directly or by proxy and he has never held out any person or organization as his agent in this regard.

We therefore appeal to his network and members of the public to completely disregard any misrepresentation and impersonation of this nature and related ones and do not hesitate to bring to our notice any of such unscrupulous activities which comes to your attention.

Thank you.

Taiwo AKINLAMI Esq
Principal Partner
